

The image displays three different models of manhole frames and a detailed cross-section diagram of their installation.

Manhole Frame Models:

- MH-3045:** A small, square, light blue plastic frame with a black rubber gasket around the top edge.
- MH-450・600:** A medium-sized, square, light blue plastic frame with a black rubber gasket around the top edge.
- MH-6090:** A large, square, light blue plastic frame with a black rubber gasket around the top edge.

付属品 (Attachments):

- ゴムパッキン (Rubber gasket)
- マンホール蓋取付金具 (Manhole cover attachment bracket)
- 鎖取付金具 (Chain attachment bracket)

Installation Diagram:

The diagram shows a cross-section of the manhole frame installed in a concrete slab. The frame is labeled "ミライハシドホール" (Miraihashido Hole). The top cover is labeled "マンホール蓋" (Manhole cover). The concrete slab is labeled "コンクリート(推奨)" (Concrete (Recommended)). The frame is surrounded by "砂又は良質土" (Sand or good quality soil). The frame is embedded in "埋戻土" (Backfill soil). The base of the frame is labeled "敷砂利" (Gravel). The concrete slab is labeled "捨てコン" (Throw concrete).

- ※()内寸法は、MH-600、MH-6090です。
